Smart IR Cube

Thanks for using Aztech Kyla product
If you need support or help, please visit www.kyla.aztech.com

Packing List

Smart IR Cube

Micro USB Power cable

Product Description

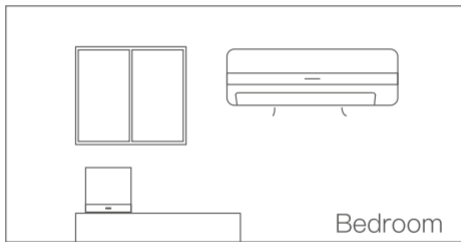

Smart IR Cube is a WFi-IR Remote combining almost remotes' functions, such as TV remotes, air condition remotes, electric fan remotes, etc. It bridges Wifi signal and IR signal to give you the ability to control your IR home appliances with one touch through the App.

LED States

- Solid Red Light:** Can't connect to the router, default state
- Red Flashing Quickly:** Configuration mode
- Solid Blue Light:** Normal working condition
- Blue Flashing Once:** Send IR code once
- Solid Purple Light:** IR code learning mode

Placement Tips

Place it on a table or desk.

Note: This product has sharp edges and corners.
Keep it away from kids.

Operation Guide

What You'll Need

1. 5V USB power adapter with output currents $\geq 1A$
Used power adapter is recommended
2. A router connected to the internet
3. Apple or Android smartphone
4. Aztech Kyla App

Step 1:

Power on the Smart IR Cube with 5V USB Power adapter.

Step 2:

Download Aztech Kyla App from Google Play/App Store

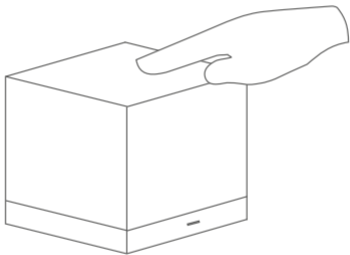

Step 3:

Login to Aztech Kyla App, then add "Smart IR Cube" to device list to enable the device.

Restore Default Setting

Press and hold the top of Smart IR Cube until the Red LED flashes.

*After reset, the device can be configured to a new router or another Aztech Kyla account.
