

User Guide

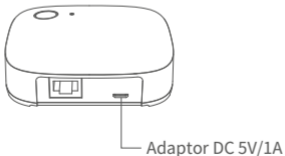

Installation instructions

1. One normal working router is needed.
2. For indoor use only. Keep away from moisture and water.
3. Keep the product from devices with strong interference signal such as microwave oven and TV sets.

Operation Guide

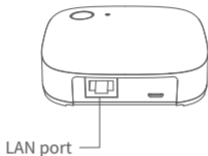

Step 1 :

Power it on.

Step 2:

Connect the Smart Zigbee Hub to the router's LAN port with attached network cable.

Step 3:

Download Aztech Kyla App from Google Play/App Store

Aztech Kyla App

Step 4:

Login to Aztech Kyla App, then add "Smart Zigbee Hub" to device list to enable the device.

Step 5:

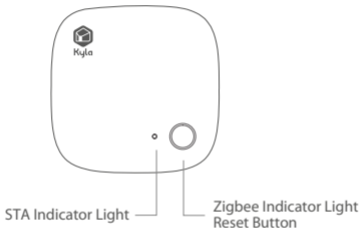

Connect other products with the Smart Zigbee Hub for a convenient and beautiful home experience.

Restore Default Setting

Press the reset button for 5 seconds until the STA indicator light is on, which means that the device has cleared the current network and can be turned to the networking state.
